Report from Building & Zoning Administrator – Hestermann reported 1 certificate of occupancy and 8 inspections during the month of May. There are 9 total open permits to date.

Public Comment – Travis Moore (335 14th St.) asked if there are any additional community center steering committee meetings scheduled now that the sales tax ballot measure has passed. It was reported that no meetings have been scheduled at this time, but they are anticipated in the near future.

Discuss/possible action: Driveway approach concerns as part of the 2026 Mill & Overlay Improvements Project on Eagle Drive – Tim Humm (710 Eagle Dr.), Karen Howard (725 Eagle Dr.), and Mahlon Lofton (630 Eagle Dr.) were present and expressed concern with the condition of their driveway approaches, specifically where the driveways meet the street, after the conclusion of the asphalt mill and overlay project. Nystrom said there were ten driveway approaches originally identified by the Village Engineer that were impacted by the project and resulted in 1-3” height differences from the street surface. The idea of grinding the approach down to street level was briefly discussed; however, the recommendation from the Village Engineer was to replace the entire driveway approach to prevent cracking. Todd said the Board opted not to take any action the last time this topic was discussed (April 20, 2026) and in recent history has made any repairs or replacements of driveway approaches the responsibility of the property owner. The property owners along Eagle Drive argued that conditions of their driveway approaches appear to be more significant than other recent projects. The Street Committee’s recommendation was to direct municipal staff to obtain bids to correct each individual driveway approach and review estimates at a future meeting. The Village Board generally agreed. Agenda item tabled until the July 7, 2026 meeting.
